

GenieGrips® Caps Forklift Safety Products

GenieGrips® forklift safety products are high quality, durable, products for forklift tyres that provide safe, secure and stable movement of loads.

GenieGrips® Caps prevent the tyre from causing damage to your products during lifting, loading and placing of loads. They are easy to fit and remove and provide an effective, inexpensive way of minimising instances of damage to product.

STANDARD SIZES
100mm
125mm

Note: Size availability will depend on region.

PRODUCT FEATURES

- Prevention of damage to goods
- Non-marking compound
- Can be used as a safe bumper
- Oil resistant compound
- Easy to securely fit and remove
- Bright visible yellow colour
- Screws for secure positioning
- Easy to store when not in use
- Used in environments from -40°C to 110 °C

INDUSTRY APPLICATIONS

- Finished Goods
- Chemical and Lubricants
- Food and Beverage
- Metal and Plastic
- General Warehouse Storage
- Frozen and Refrigerated
- External Environments
- Narrow Passages

SPECIFICATIONS

MEASUREMENTS

	100MM	125MM
Cap Width – External	116mm	140.3mm
Cap Width - Internal	102mm	126.5mm
Cap Height - External	23.3mm	23.8mm
Cap Height - Internal	18mm	18.5mm
Cap Length – External	200mm	200mm
Cap Length – Internal	181mm	181mm
Steel Thickness	2mm	2mm

RUBBER

Temperature Range:	-40°C to 110 °C
Compound:	80D (Shore A) NBR HSR (Nitrile)
Qualities:	<ul style="list-style-type: none">- low compression set- high tensile strength- resilience- abrasion and tear resistance- good friction characteristics- excellent bonding capabilities to metal substrate- good vibration dampening characteristics- excellent resistance to petroleum base oils and fuels

BONDING AGENTS

Chemlock®	Elastomer Bonding Agent
-----------	-------------------------

STEEL

Material:	Carbon Mild Steel
Coating:	Special Blue Zinc

TEMPERATURE

Grub Screw	M6 x 12mm High Grade Alloy Steel - Black
Allen Key	M3 Hex Key Short Arm Ally Steel - Black
